

Classified Section

Larry Hunt's High Speed Copy News and Color Copy News APRIL 2009

This classified section is designed primarily as a place to list a machine for purchase or sale. In addition, it is open to suppliers who would like to list some of their products or services. The cost for a 30 word classified listing is \$20.00 for suppliers and \$10.00 for end users. If you would like to place an ad, send your copy along with a check or your charge card (Visa or MasterCard) information. Deadline is the 25th of the month.

FREE MEDIA SAMPLES

MtM's new 2009 Visual Presentation Swatch, featuring over 40 imaged samples of their color copier film and paper products. The swatch is ideal for identifying and demonstrating how the products will actually look and feel after imaging.

Materials in the swatch include transparencies, white films, matte films, self-adhesives, CLC labels and the full range of gloss and matte papers.

The images in the swatch were produced on copiers, including the Konica C500, C650, Canon C1 and C6000. But, even if you have a different copier model, many of these materials will be equally suitable for your color copier too.

The swatch also contains details about which copier models can run the thicker materials and also lists some of the most popular applications these products are used for. And, it is all in one neat, tidy swatch ... Perfect, Huh?

To get your **FREE** swatch, call Jim Hatfield or Mark Meyer at Marketing and Technical Materials at 1-800-704-4647 or email: jim@mtmimagingsupplies.com.
